

**Planorbis**

**GEOSCIENCES SERVICES LIMITED**

## **WHO WE ARE**

We are a geosciences consulting company established in Sept 14th, 2015 with expertise and technology to deliver cost effective advanced technical solutions to geosciences problems by improving the business processes of our clients.

We render services to the oil and gas sector, state and federal government and other private sectors in Nigeria and Africa. These include geomechanics solutions, solid mineral mining, hydrogeological consulting and geotechnical consulting.

## **VISION**

To become a global geosciences consulting company that will provide high quality and cost effective solutions in the exploration and development of hydrocarbon, solid mineral mining and geotechnical services.

## **MISSION**

To deliver quality and resourceful services in a timely manner to clients

## **OUR VALUES**

RESOURCEFULNESS | EXCELLENCE | DIGNITY | INTEGRITY | TENACITY

# OUR SERVICES

## GEOMECHANICS SOLUTIONS

Well Damage Risk Analysis  
Well Placement Optimization  
Hydraulic Fracture Design  
Sanding Prediction  
Compaction and Subsidence Estimates  
Fault Activation Risk Analysis  
Well Completion Optimization  
Production Optimization  
GeoWell services  
3D Geomechanical Modeling etc.

## SOLID MINERAL MINING

Open Pit Mine Design, Planning and Engineering  
Underground Mine Design, Planning and Engineering  
Mining Economics and Finance

## HYDROGEOLOGIC CONSULTING

Underground water drilling  
Water quality testing  
Groundwater related issues  
Groundwater contamination investigation and remediation

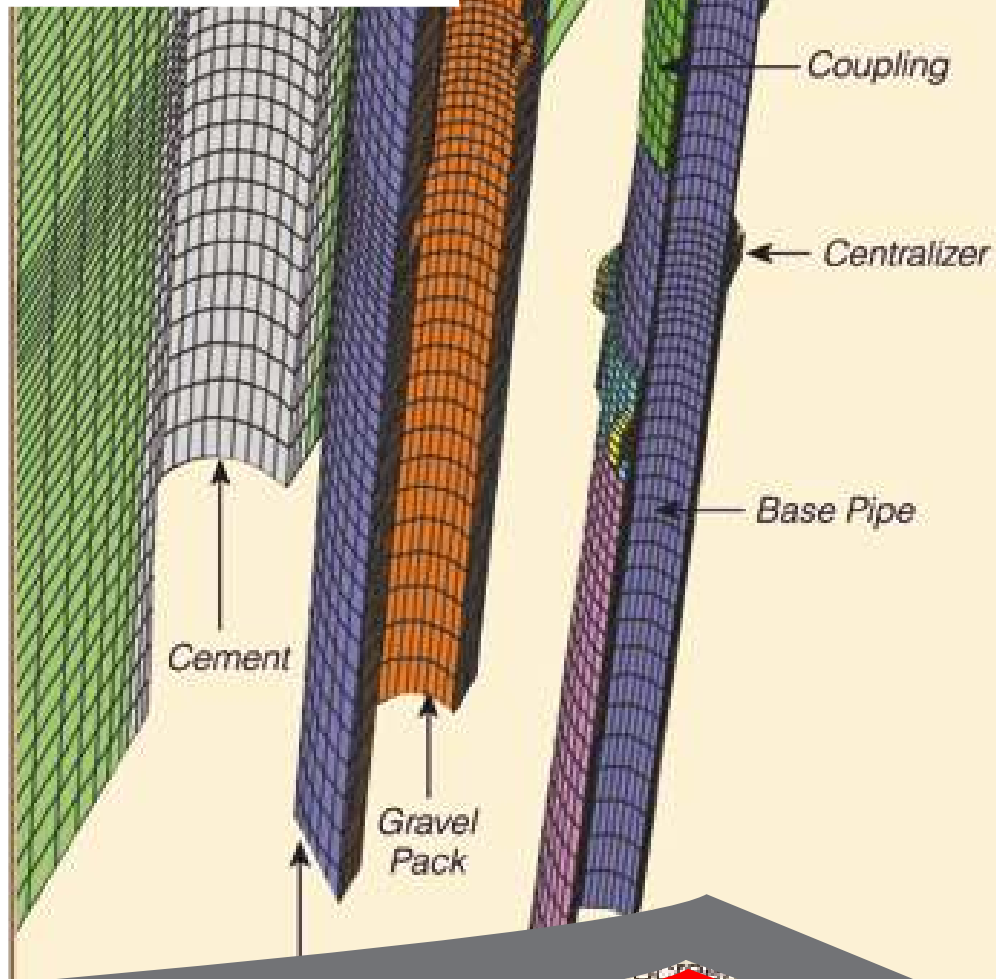

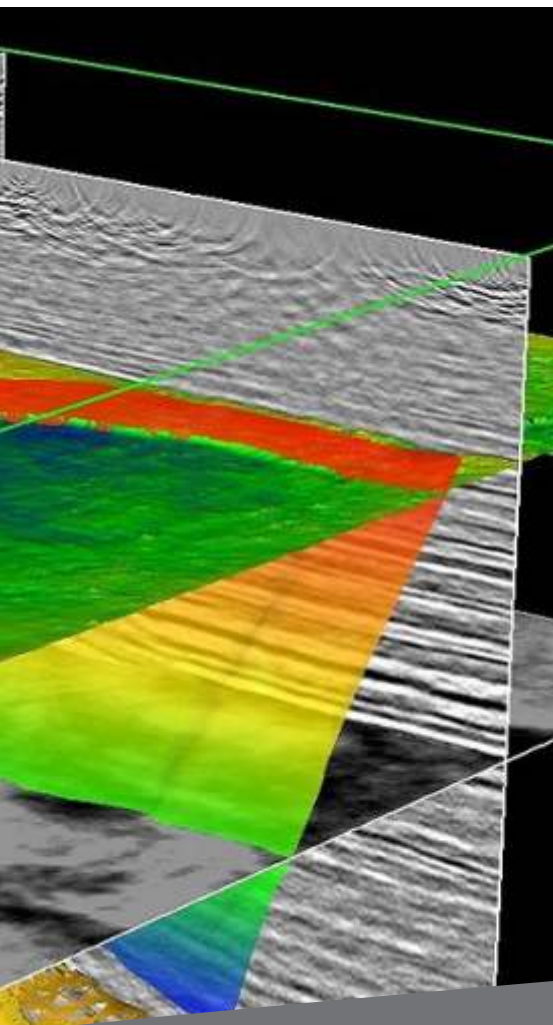

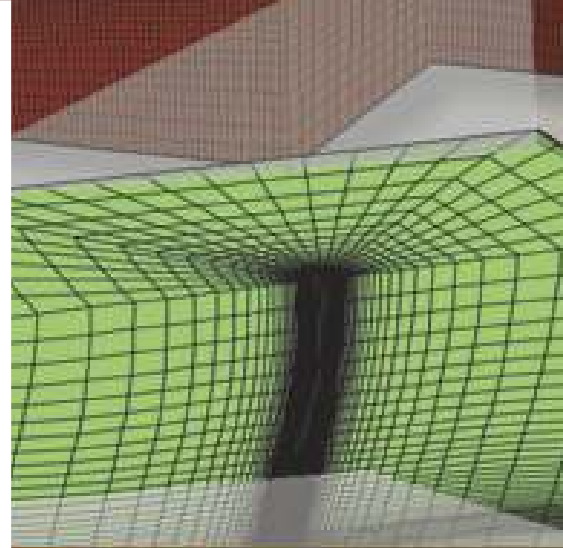

## ENVIRONMENTAL AND GEOTECHNICAL CONSULTING

Geophysical Investigation  
Assessing risk posed by site condition  
Designing earthworks and structure foundations  
Monitoring site conditions

## GEOMECHANICS SOLUTIONS

- Well Damage Risk Analysis
- Well Placement Optimization
- Hydraulic Fracture Design
- Sanding Prediction
- Compaction and Subsidence Estimates
- Fault Activation Risk Analysis
- Well Completion Optimization
- Production Optimization
- GeoWell services
- 3D Geomechanical Modeling etc.
